

Beating Faster | Sharon Duek

My heart is beating faster and I know it must be wrong

My life is a disaster, what the hell did I do wrong...

No no no no....

If you gone just tell me where are you

So if you're gone just tell me where are you

My heart is my heart is...

My heart is beating faster and I know it must be wrong

Our love is a discovery of what I am and what I'm not

I don't have anything I want to tell you

Is there anything you wanna tell me?

Is there anything you wanna tell me boy?

Tell me why you are so far away

Why you are so far away, right now

Tell me why please just wanna know

Tell me why you are so far away, so far away right now

My lost memories have come together

Now I know it wasn't me

It wasn't me no no...

So if you gone just tell me where are you

If you gone just tell me where are you

My heart is...my heart...
